

MEDICARE Assistance Program

Truman State University provides specialized assistance to simplify the process of finding the highest quality healthcare benefits plans. We offer a program that focuses on each individual's unique benefits needs in order to identify the most useful and valuable healthcare plan.

No-cost, personalized evaluations conducted by experts in the Medicare field are available through our partnership with Strategic Growth Insurance Associates, Inc. (SGIA). SGIA's comprehensive, individual approach carefully identifies healthcare benefit plans, assists with enrollment, and offers support in all areas of Medicare.

SGIA Medicare Services Include:

- Confidential Medicare assistance provided free of charge by licensed and certified benefits consultants
- Individual evaluations to determine the specific and essential healthcare benefits most important for you
- Identifying the most appropriate and cost effective plan through analysis of all available major Medicare plans
- Comprehensive enrollment assistance and continuing support
