

Pay the lowest price for your medication.

Use the Price a Medication tool on myCigna to compare your costs.

With just a few clicks, you can easily see how much your medication costs at each pharmacy in your plan's network.

Follow these 5 simple steps to see your costs.

I. Log in to the myCigna® App¹ or myCigna.com®

- Click on the Prescriptions tab
- Select **Price a Medication** from the dropdown menu

2. In the search bar:

- Choose the **name of the person** you want to price the medication for
- Type in the **name of the medication** you want to price
- Click the **Search** button

All sources and disclosures appear at the end of this document.

3. Enter your prescription details

- Choose the form/dosage and day supply/quantity from the dropdowns
- Click the **Next** button
- A box will pop up asking for more information about how often you take the medication and how much you take
- Use the dropdowns to answer the questions and click the **Update** button

4. Review your medication options

- See the **starting prices** for your medication and a different medication that's used to treat the same condition (typically a generic or preferred brand)
- Click the **View Results** button to see how much the medication costs at each in-network pharmacy²

5. Compare the price of your medication at the different pharmacies in your plan's network

- Shop wisely – not all pharmacies charge the same amount for the same medication
- When you and your doctor are considering the right medication for your treatment, knowing how much the medication will cost you to fill, what lower-cost alternatives may be available and which pharmacies offer the best prices can help you save money
- Click on **Show Math** to see a breakdown of your out-of-pocket costs
